Responsible Alpha is a B Corp certified, sustainability consultancy specializing in sustainable finance and transition strategies, merging 180 years of global experience with local expertise. We have deep experience empowering all organizations to transition to a net positive economy by 2050.

CAPACITY BUILDING & TRAINING

Prepare your team to lead the sustainability transition. Responsible Alpha's services include comprehensive capacity-building initiatives designed to equip your team with the knowledge, skills, and tools necessary to drive sustainable transformation when we are not around. Our hands-on approach ensures your team has the skills and tools to drive impactful changes.

OUR WORK IN ACTION

Responsible Alpha partnered with CFA Society Boston to support two Sustainable Investing Conferences, advancing ethical standards and best practices in the investment industry. Through organizing, sponsorship, and expert panel participation, we helped facilitate discussions on ESG, natural capital, DEI, and carbon assets. Our efforts strengthened investor capacity, positioning the conferences as a premier forum for innovation and sustainability in investment management.
